

<i>S.N.</i>	<i>Name of Student</i>	<i>Thesis Topic</i>
1	Anup Kumar Subedi	e-Health System
2	Anup Sainju	Congestion Control Mechanism ECN in IP Networks
3	Bibha Sthapit	Lossless Audio Data Compression Using Lanier Prediction Coding
4	Dharmendra Mishra	Security Issues in e-Government Implementation
5	Mahesh Kumar Yadav	Expert System for Medical Diagnosis Using Case Base Reasoning & Fuzzy logic
6	Pravin Shakya	E-Government: A Networked Government for Nepal
7	Purushottam Sharma	Minimizing Power Consumption for Processor
8	Rajesh Shrestha	e-Banking
9	Shankar Thapa	Barriers & Opportunities for Successful Implamentation of E-Government in Nepal
<i>S.N.</i>	<i>Name of Student</i>	<i>Thesis Topic</i>
1	Anil Datta Bhatta	Adoption & Diffusion of Environmental Technology in the Brick Sector of Nepal
3	Chandra Khatri	Study on role of petreloum energy contribution total energy consumption in Nepal
4	Gyan Prasad Gautam	Safety in Operation of MHP Projects, a Case Study of Selected Sites of MHP Project in Nepal
5	Hemanta Pandey	Study of Impacts Job Satisfaction, Organizational Satisfaction, Pay Satisfaction & Opportunity for Advancement on Turnover Untention in Engineers Working in Private Engineering College of Nepal

6	Prakash Adhikari	A study on barriers in entrepreneurial growth in Nepal
7	Ramesh Chandra Bania	Study of hydro-electrical power Generation & consumption Scenario of Nepal
8	Rishi Raj Dahal	Policy Analysis of Improved Cooking Stove Program in Nepal
9	Sabin Khadka	Study of the preservation of a historic area asan of Nepal
10	Shishir Gairhe	Transfer of Technology and the use of Appropriate Technology for Sustainable Building Construction
11	Sudip Adhikary	Human Resource Development Practice in Nepal Telecom
S.N.	<i>Name of Student</i>	<i>Thesis Topic</i>
1	Binaya Lal Shrestha	Mobile Banking Over GSM: A Study of Banking Security
2	Dinesh Ghimire	Digital Audio Watermarking
3	Hiranya P Bastakoti	Tunnel Based Performance Analysis for IPv4 Transition
4	Karuna Pokhrel	e-government Concept Practice and Devilopment
5	Sailendra Amatya	MIMO System
S.N.	<i>Name of Student</i>	<i>Thesis Topic</i>
1	Anil Kumar Rai	A study on trend and pattern of public debt and its effect on development of Nepal
2	Badri Raj Giri	Power sector investment in Nepal (A case of Nepal electricity authority)

3	Bharat Lal Shrestha	Success Factors in Construction Project: A study of Housing Project in Kathmandu
5	Indra Lal Shrestha	Measures for reducing load shedding in nepal
6	Mausam Mainali	A study on premium collection & financial performance analysis of nepal insurance company limited
7	Pralhad Chapagain	
8	Sanjay Sapkota	Project Scheduling & Controlling on Construction Industry in Nepal
9	Sharad Lal Shrestha	
10	Smriti Baral	The Safety Practice in The Construction of Multi Storey Building in Kathmandu Valley
11	Rojin Joshi	Study of job satisfaction level in nepalese commercial bank (A case study of Everest Bank Limited)
S.N.	Name of Student	Thesis Topic
1	Babu Ram Poudel	A planning approach to design a low cost wireless network in western Nepal using CDMA Technology
2	Bikal Paudel	Migration from Machine Readable Passport to e-Passport: Technology, Benefits and Challenges for Nepal
3	Bikash Raj Khadgi	Citizen-Centered E-government services in Nepal.
4	Mahesh Panday	Stimulating E-learning Through Wimax Roll-out in Nepal.
5	Santosh Sharma	Role of ICT Infrastructure for the Development of Telemedicine in Nepal
6	Sarad Poudel	Low Cost Efficient Architecture for Rural Network Connectivity in Nepal.

7	Shaligram Parajuli	A planning approach to design ICT infrastructure framework for E-government implantation in Nepal.
8	Sudip Aryal	Impact and challenges o use of information Technologies in the Electral System of Nepal
9	Sunil Kumar Karna	Prospect & Impact of Wireless Infrastructure Sharing in Nepal
10	Usha Sharma	Wireless Broadhand (WiMAX) for Developing Nations
S.N.	Name of Student	Thesis Topic
1	Arbind Kumar Chaudha	Performance Evaluation of off-grid Micro Hydro Power Plants Based on Electroc Co-operative
2	Arjun Lal Batash	Role of Client, Consultant and Contractor in Construction of Residential Building.
3	Bekta Khanal	Labour Productivity Management in Mass Housing Constuction in Kathmandu.
4	Bijendra Shrestha	Status of Safety Measure in Building Project.
5	Bipendra Koirala	A Study on effective cost control on construction site & problem faced by the contractors during implementation phase: Perspective of Kathmandu Valley
6	Bishnu Hari Shrestha	Technically and Economically comparison Study of Vertical Shaft Brick Kiln (VSBK) with other klin
7	Dipendra Shrestha	A Study on Inter-relationship Between Air transportation and Tourism in Nepal
8	Gajadhar Shiwakoti	“Effect of Material Management on Total Cost for Building Construction in Kathmandu Valley”
9	Kashi Nath Bhusal	The Comparative Study of NTC & Ncell in Respect of HR Strategies, Technology & Customer Satisfaction on Organizational Performance
10	Madan Kumar Sah	Study on Land Tenure in Disaster Risk Management: Case of Flooding in Nepal

11	Madhu Sudhan Gyawal	Study on Quality Education in private Engineering College of Nepal
12	Mukunda Dahal	Quality Control Measures Adopted by the Contractors of Road Maintenance and Development Project
13	Nisha Chhetri	Investigation and Analysis of Motivational Factor in NCELL Pvt. Ltd. Nepal
14	Samoj Maharjan	The Contractor's Role in Construction Safety in High Rise Buildings
15	Santa Kumar Shrestha	Concrete Quality Management System in Highrise Builsing Kathmandu Vally.
16	Sujan Dhoj Khadka	Risk Analysis & Mitigation Practice in Building Construction in Kathmandu Valley
17	Suman K. Thapa Magar	Concrete Quality Management System in Highrise Builsing Kathmandu Vally.
18	Umesh Chaudhary	Material and methods for low cost housing in rural area of the tarai region in Nepal
S.N.	<i>Name of Student</i>	<i>Thesis Topic</i>
1	Arjun Devkota	Sustainability Analysis of Hydropower in Nepal
2	Biplav Khadka	Human Resource Management: Status of Hydropower Company of Nepal: A Case study of Chilime Hydropower Company Limited
3	Dipesh Bista	Implementation of MIS in Financial Institution of Nepal
4	Praladh Bahadur Khana	Risk Assessment & Management in Construction Projects
5	Bishnu Prasad Kharel	Status of Earthquake Vulnerable School Building at Sankhuwasabha.
6	Binod Neupane	Sustainability Analysis of Telecenter in Nepal

7	Nripendra Dhital	“Techno Economics Feasibility Analysis of Grid Connected Solar Photovoltaic System in the Context of Nepal”
8	Sarad Mangal Joshi	Real Estate Housing - Comfortable Living
9	Satish Ratna Bajrachharya	Factors Influencing Time and Cost Overruns on Construction Project
S.N.	<i>Name of Student</i>	<i>Thesis Topic</i>
1	Ajay Chaudhary	Building Bye Laws-Challenges in Management and Implementation (A Case of Kathmandu Metropolitan City)
2	Pandav Chaudhary	Spatial Analysis of Urban Fire Station Location by Using GIS (A Case Study from Kathmandu City)
3	Binay Shrestha	Techno-economical Assessment of Solar PV Power System for the Corporate Houses in Nepal: A case Study on Bhatbhateni Super Market
4	Sujan Bhattarai	Decentralized Approach to Wastewater Treatment & Management Using Constructed Wetland in Nepal.
5	Jagat Bdr. Rana Bhat	Major Causes of Time Over Run in Bridge Construction Work in Nepal
6	Kul Bhushan Se. Sharm	A Study on Safety Management in Construction industries in Nepal
7	Pradip Raj Basaula	Time-cost Optimization of Construction Operation
8	Rajendra Mahaseth	Health & Safety Risk Management in Construction Project
9	Amul Basnet	A Study on Job Satisfaction Level and Work Motivation in Civil Engineering. (A Research Study of DIRLP-AF)
S.N.	<i>Name of Student</i>	<i>Thesis Topic</i>
1	Shailendra Adhikari	Performance Evaluation of Soft Handoff in WCDMA

2	Roshani Ghimire	Information and Communication Technology & E-governance of Nepal: Prospects & Problem
3	Anjan Kumar Chaudha	Analysis of data warehouse implementation manistries of Nepal
4	Madhav Panthee	Design of Biometric System for Continuous Authentication Security
5	Mishan Thapa	Robust Web System for Securely Accessing the Cloud.
6	Nirmal Kumar Sharma	“Adoption and Usage of Electronic Health Records in Hospitals: Nepal Case”
7	Subash Belbase	Analysis & Presentation of client side solution against cross site scripting (XSS) Attacks
8	Bhiraj Bikram Khadka	Citizes Readiness for implementing e-Government System in Kathmandu Vally
9	Suraj Babu Malla	The Success or Failure Parameters of Software Project Development in Nepalese Context.
10	Isha Paneru	WiMAX Technology in Nepal With its Challenges and Opportunities
11	Pratikshya Parajuli	Architecture Model for the Effective Implementation of Cloud Computing in Nepal Government.
S.N.	Name of Student	Thesis Topic
1	Tejendra Roka Magar	“Assessment of Renewable Energy of Technical and Management aspect in Myagdi District.”
2	Ramesh Prasad Paudel	“The Best Model Identification in Hydropower Development for Management of Energy Crisis in Nepal”
3	Prem Lal Tamang	A DBMS Based Inventory Model and its Timeframe Study in Automobile Spare Parts Import Management
4	Prakash Adhikari	Travelers Behavior, A Key Issue for Traffic Management in Kathmandu, A Case Study of Kalanki Intersection, Kathmandu, Nepal

S.N.	<i>Name of Student</i>	<i>Thesis Topic</i>
1	Tilak Lamichhane	“A Study on Frequency Refarming: An Opportunity to Extend Broadband Communication in Context of Rural Area of Nepal”
